

TEST CASE WRITING

WHAT IS TEST CASE

A set of preconditions, inputs, actions (where applicable), expected results and postconditions, developed based on test conditions.

The image shows a login form for an administrator. At the top, there is a circular profile icon of a person with dark hair and a blue suit. Below the icon, the text "Welcome Admin" is displayed. The form contains two input fields: "Email" and "Password". Below these fields is a checkbox labeled "Remember Me". A blue "Submit" button is positioned below the checkbox. At the bottom right of the form, there is a link that says "Forgot the password?". The entire form is enclosed in a light blue border.

1. TEST CASE TITLE

Verify login with a valid
username & password

A login form UI mockup with a light gray background and rounded corners. It features two input fields: 'Email address or phone number' and 'Password'. Below the inputs is a blue 'Log in' button. Underneath the button is a link 'Forgotten password?'. A horizontal line separates this section from a green 'Create new account' button at the bottom.
